MDD
A Davies Company

Lisa Morris

CPA, CVA | Partner

Lisa joined MDD in 1998. In 2003, she left to work for The Hartford, assisting in the start of their internal forensic accounting program and gaining valuable knowledge of the adjustment process from an insurance company perspective. In 2008, she returned to MDD Forensic Accountant's San Francisco office and she is now a Partner at the firm.

A seasoned forensic accounting professional, Lisa has worked on assignments involving lost profits, cyber risks, business interruption, builders' risk and soft costs, business valuations, fraud & investigations, fidelity claims, personal injury & wrongful death, physical damages and product liability & recall.

She has provided litigation support related to commercial disputes and has been recognized as an expert witness in various courts and arbitrations on the West Coast.

Lisa graduated from California State University – Hayward with a Bachelor of Science in Business Administration degree with an emphasis in Accounting.
