MDD
A Davies Company

Lee Swain

ACMA, CGMA | Partner

Lee joined MDD Forensic Accountants' London office in 1998. He is a Partner at the firm.

Lee has worked on numerous international assignments across a wide range of industries including oil & gas, petrochemical, power generation, mining, steel and aluminium. He also has considerable experience working on projects that involve Britain's national railway.

An economic damage quantification expert, his professional practice concentrates on business interruption, lost profits, property damage, subrogation and transportation matters. He also has significant experience in the area of catastrophe services, earned while working on engagements resulting from hurricanes Ike, Katrina, Gustav and Rita as well as the 2010 Chilean earthquake.

Lee has worked on claims of all sizes, from a few hundred thousand pounds to losses in excess of £500 million.

He has provided litigation support services to many of his clients.

Lee has presented numerous seminars on forensic accounting subjects that are related to the power generation, oil and petrochemical industries and he is a member of the LBIA and OPERA associations

Lee graduated from the University of Liverpool with a Bachelor of Arts (Honours) degree in Financial Economics.
