MDD
A Davies Company

Katharina Wilson

ACMA, CGMA | Senior Manager

Katharina joined MDD's London office in 2009 and is now a Senior Manager at the firm.

Kat specialises in the quantification of damages relating to business interruption, extra expenses/increased costs, fraud, litigation, stock & contents and subrogation.

She has worked across a wide range of industries including power generation and distribution, transportation, chemical manufacturing and telecommunications. Kat gained valuable experience in the area of catastrophe services when she spent over a year in Thailand handling flood related claims with values of up to $200 million.

Kat has experience preparing expert witness reports and has presented on matters relating to power generation and business interruption principles.

Kat is fluent in German and Polish and is also proficient in French. She has a German Diploma in International Management from the University of Applied Sciences in Hof in Germany.
