MDD
A Davies Company

Chris Wigley

ACMA, CGMA | Senior Manager

Chris joined MDD's London office in 2008. He qualified as a Chartered Management Accountant in 2011 and is now a Senior Manager at the firm.

Chris has extensive experience in matters related to business interruption, extra expenses/increased costs, lost profits, stock & contents, physical damages, fraud and political risk. He has been engaged on assignments throughout Europe as well as claims originating in other areas of the world, with losses varying from a few hundred thousand pounds to those in excess of £100 million.

He has worked on numerous assignments in the catastrophe services area. High profile cases include those relating to Hurricanes Ike and Gustav, the earthquake in Chile in 2010 and also claims arising from the Thai floods in 2011.

Chris also has litigation support experience and has assisted with writing expert reports for the courts.

He has handled numerous claims in the energy industry involving power generation, oil & gas and onshore & offshore energy. He also has retail, wholesale, manufacturing and telecommunications experience.

Fluent in Swedish, Chris graduated from Oxford Brookes University Business School with a BA Honours degree in Business Administration and Management with Accounting and Finance.
